

KIWANIS SIGNATURE PROJECT: BOOKWORMS K4 READINGS

The Belleville Kiwanis Bookworms program has existed since 2006. We purchase 7 age-appropriate books to read to the Belleville school K4 students. Belleville Kiwanis members and local Econo-misers read to the classes a different book for seven months of the school year. One book is read in easy Spanish. Each student is given a personalized book to take home for family reading, so they have 7 books for their home library. We have given 5,904 books to 872 children prior to this year; an additional 73 students in K4 will receive their books this year. An 8th book was given about the 1st day of school when parents and kids came to their 4K introduction.
